**GRADING:**
- 15% Section
- 15% Response papers
- 20% Midterm
- 25% Final Project
- 25% Final Exam

**Response papers.** On most weeks, you will be required to hand in a response paper, between 1 and 3 pages long. You will receive the question/topic each Thursday by 5pm. Send in your response, pasted in the email, to your TF by 9pm on Monday. The response papers are graded pass/fail—if you hand it in, you pass.

**Final Project.** The final project is due the last day of reading period. More information coming soon...

**Sections.** Sections form an integral part of the class. Beyond the opportunity to better understand ideas from lectures/readings, sections will include exercises that apply the key concepts from the course. Because sections are being developed as groups, there will be no switching sections or attending sections other than your own once the semester and sections are underway.

Did we leave anything out? Oh yes, the reading. Required reading (all available at the Coop):
- Branden, Nathaniel. *The Six Pillars of Self-Esteem*
- Maslow, Abraham. *Selected Chapters from Towards a Psychology of Being*, Third Edition (this is a special edition printed for this class. It is not available on Amazon or anywhere else other than the Coop).

Each week, selections from the above books as well as journal articles will be assigned (all articles are available online).
